The Foundation is growing !

There are currently 30 students who are being funded their first year of technical college .

Additionally, the Board is growing. The Board is totally made up of volunteers who dedicate their time and talents to this mission. Welcome to our newest Board Member Lourdes Roa.

Dan and Irma visited Peru in February to connect with the schools and ensure proper distribution of the scholarships. They also got a chance to meet with new donors and scholars this Spring. Several presentations have occurred in Rochester and Buffalo to share the mission and success of this work.

Thank you for helping to transform lives of deserving young people in Peru!

DONORS SPOTLIGHT

"Why do I give? I give because I know each dollar given goes directly to make a difference for a deserving student in need. That is rare! I love knowing that someone gets immediate relief from our support."
